“I am currently working on re-chartering our club and bringing the AMA membership list up to date. You have paid your MRCMC dues for 2012 but have not yet paid your AMA dues. Remember that you cannot fly at the MRCMC flying field unless your AMA membership is up to date.”

Thanks,  
Jerry  
631-1168

MMRCHA will be holding its first of hopefully many indoor flying sessions.

Event Information    Indoor Electric Flying

Where: Alma First Church of God Gym, 200 West Superior Street, Alma, Michigan

When: February 18th, 2012

11:00 a.m. to 4:00 p.m.

Cost: Spectators are free. Pilots \$ 5.00 fee.

The mall show is about a month away and setup will be at Thursday night the 8<sup>th</sup> from 7:00 – 9:00. We need planes I know that several of us have planes elsewhere on display this just means that we need more involvement this year. Please give some thought to times that you can cover over the 3 days that the display will be up at the mall. I will be asking for names and times if you can e-mail me before the meeting on March 7<sup>th</sup> that would be great.

I have extended an invitation to Dillon @ NBC25 to give us a promo before the show begins. [Michael Fjerstad](#)

QuickTime™ and a  
decompressor  
are needed to see this picture.

### Interesting Web site:

Many of you were impressed with the FW-190 that LeRoy built and brought to the banquet. This was built from card stock which printed out using my computer. The site has an incredible number of planes as well as many other modeling subjects such as castles, lighthouses, buildings, tanks, etc. I once found a site where someone blew up the plans and made an RC plane out of cardboard using the same technique. If you are interested in the site, check out [www.fiddlersgreen.net](http://www.fiddlersgreen.net). I will bring prints of Corsairs, Mustangs, ME-109s and more FW-190s to the museum on Saturday.
