Brad Wolfgang called the meeting to order at 7:32PM

1. Minutes from last months meeting were accepted as printed in the newsletter.
2. The treasurer's report was given and accepted.
3. Lee Roy and Greg Gavit filled cracks in the runway with foam and filler.
4. Electric Fly report was given by Ron Wiles. We had 12 flyers from our cub and no visitors. Prizes were given away and the vender donated a foemie for a prize. Weather forecast was for bad weather and this may have caused the lack of visitors to the event.
5. Steve Linley gave a report on the runway repair recommended by D&D. The best coating would be good for 5 years. Al Qwick moved that we proceed with the bid from D&D – second by Gordy. After discussion of the plans to cover the costs, the motion was passed. The field will be closed for two days to complete the job.
6. Media planning for the August air show was discussed. Steve will work with Midland Daily News and Mike will work with Saginaw News.
7. Air Show media planning needs were discussed. Steve will help with the TV. Bobby Hill volunteered to help with the road signs.
8. Steve showed the sign that he made that has the web site address. This will be placed on the entrance road sign posts.
9. The AMA recognized the club for being a "leader club" for five years. Jerry read the letter from Erin Dobbs, AMA Programs Coordinator and showed the mounted certificate that was sent to the club. Each member also was given a patch.
10. Gene Thompson was getting kidney transplant today.
11. The meeting adjourned at 8:04.
