MIDLAND R/C CLUB Meeting Minutes

April 4, 2022

Board meeting – Chris Peters called the board meeting to order at 6:30pm.

Board members in attendance – Chris Peters, Ron Helmer, Ken McNurlen, Karl Eckerle, Dennis Albee, Frank Lee, Bob Hill, Mike Curreri, Bob Hill.

General meeting – Chris Peters called the general meeting to order at 7:30pm.

Members in attendance – Keith Jonas, Dave Asman, Luther Bitler, John Poma, Jim Clark, Jerry Hahnfeld, Leroy Witucki, Kevin Alfonso.

Old Business

Club build project – Karl and Dennis. Meeting last week and a few people showed up to the discussion on covering. Everyone has started covering at this time.

Suggestion to change one of the porta-potti to handicapped – It will be a substantial increase from \$60 a month to close to \$200 a month if changed. Still selecting a handicapped one for the airshow. Motion to leave the porta-potti's as it is now passed.

Flight line training to resume the first Monday in May - 4:30-5:00 pm start time May 2nd with four students at this time.

Memorial Day Parade – The parade will be held on May 30th and we are on the list to join the parade. Need volunteers with planes and to help with the design/mounting them to a trailer. We have two potential trailers already. Plan is to mount club banner with any war planes welcome. For info see Bob Hill or Karl Eckerle who will coordinate the three meets at Bob's house to volunteer and help construct the trailer and mount the 6-8 planes. Anyone who is interested contact Bob or Karl. We plan to put our airshow date somewhere on the trailer for display also.

AMA charter and liability certificates have been received and sent to EAA and Dow.

AMA gold leadership award has been applied for with the AMA. Pins will be available for purchase in the near future.

New Business

Selfridge Air Force Base is bringing back their vintage military air show July 9-10th. Google the event for information on tickets.

Jerry Hahnfeld will register the airshow with the AMA. We could start now on where to post notices for the Sept 11th airshow earlier this year than in the past. This will allow for more advanced notice to the community. Karl will post it on the Delta College bulletin board. There will be flyers/correspondence available to put on community calendars and any media outlets. We will brainstorm at the next meeting where to send the flyers for advertising.

The Midland Fire Department will have some pictures and video available taken by their drones of some of the flooding in the community.

Program – Chris Peters presented on full scale propeller manufacturing process. Look up videos and information on Culver Props in Missouri, it was quite interesting and informative.

Meeting adjourned by Chris Peters at 8:30pm.

Club Events Schedule
